The village school re-opened Monday after a two week's suspension.

Robert Dick, auctioneer, sells the hammer at a sale for M. Anderson at Asker next Wednesday.

A leap year ball is to be given in the C. O. F. hall by a number of Ponoka ladies next Thursday evening—St. Patrick's.

Sunday school as usual in the M. E. church next Sunday at 10 a.m.

C. Campbell is erecting a residence and barn in the west end of town.

7000d bells may be expected to ring soon. We've had a long spell without a chance of reporting such a pleasant event.

P. B. Fitch, a brother of our townsmen, Jewel Fitch, of Nebraska, is visiting at the latter's home this week. He may locate in Alberta!

Next Sunday evening at the Methodist church will occur the memorial services for little Myrtle Jones conducted by Rev. Perry.

Frank Williams is selling off some articles in town tomorrow afternoon. He will soon move to town and operate the bowling alley.

John Hagenau advises us of the arrival of a young "Canuck" at his house a couple of weeks ago. We trust the young fellow will grow to be as jolly, good natured and as worthy a citizen as his "daddy."

Certain of our business men who is in the habit of sending away for job printing has just received a batch with the date line reading Ponoka instead of Ponoka, and within a "bom" job. Good enough!

K. K. Hagland and family, Harry Bonham, Louis Akerson, Freeman Cook and Frank William, all of Forest City, Iowa, are recent arrivals to their home in the Ponoka district.

F. E. Parker returned Tuesday from a couple of weeks trip to the Barr colony settlement. He reports an enjoy-ble trip and says the new settlement there is in a most flourishing condition.

Mrs. Arbukh, of Wetaskiwin, is in charge of Mrs. Knapp's "Scraped House" while the latter was in town Saturday. Both of course think they got the best end of the bargain, and we believe for their respective nases they did. For George got a first-class draft animal in the deal, while Mr. Knapp supports a splendid and handsomely driving animal.

The Odellows expect to institute their lease here next week. They have something over twenty applicants for new memberships. The Wetaskiwin dogleg degree team will be down to show the candidates what it is done and will no doubt give the strangers all there is to the initiatory work. We will know more about it next week.

Rev. Mayes, of Buffalo lake, came in Monday and on Tuesday in company with Rev. Perry visited Red Deer to business interests of the district conference. His health is still very poor and he is unable to withstand the duties involving upon him as Methodist missionary in the lake district.

Master Charley Reid, Will's little boy, is now fully recovered and the bug is out of quarantine. The suggestion has been made that the presence of scarlet fever in the home would interfere with the success of his auction sale. This should not be so as Mr. Reid has been especially cautious to dislodge the verminous insects thoroughly and there will be absolutely no danger of contracting the disease from his household.

D. J. Kelly, the recent purchaser of the Pleasant Ridge ranch of W. J. McGillivray, arrived from Cranbrook B. C. on the 1st of the week to make his future home here. His wife accompanied him. Mr. Kelly does not enjoy very good health and is unable to withstand the duties involving upon him as Methodist missionary in the lake district.

A brave attempt at enforcing the notorious cow by-law was made Monday morning. The cows of those who were ignorant, while cows and horses of others have roamed the streets at any time. Just because the writer's bovine claimed to be among the first bunch has left no sore spot in us but we believe all should be treated alike.

Mr. Kelly, the recent purchaser of the Pleasant Ridge ranch of W.

J. McGillivray, arrived from Cranbrook B. C. on the 1st of the week to make his future home here. His wife accompanied him. Mr.

Kelly does not enjoy very good

and has come to Alberta in the hopes of receiving a benefit from our pure bracing atmosphere. He will at once have the house on his new farm finished and will then take up his residence there.

C. E. Wyers returned Monday from his visit in the east, leaving Mrs. Wyers behind for a few weeks longer. While in the east, Mr. Wyers visited the place of his birth in New Brunswick and the home of his relatives in the state of Maine. This was his first visit to the old home in twenty-five years and of course he saw considerable change in scenes once familiar to him. As for the weather Mr. Wyers says he was glad to get back to Alberta as the winter in the east has been a very hard one and the snow is very deep.

Miss Carrie Hart, who has been teaching the Dakota school the present term, received a message last Friday advising her of the serious illness of some of her people in Winnipeg and instructing her to come at once. Accordingly she took the train here Saturday morning for that place and as a consequence her school is closed indefinitely.

The HERALD is sending out a number of statements to our subscribers who happen to be in the rear. Anyone receiving these statements should not take offense at them as it will be our custom in the future to try to notify all our subscribers at occasional intervals of how their accounts stand. Just at present we are badly in need of a little financial assistance and we trust those receiving these statements will make an endeavor to favor us with their small account.

A. Davidson and son, Bert of the Blindman, were in the past week and renewed subscriptions to their local paper. Their section of the Blindman country is still for, living in a small town, and Bert is a thickly settled district where only a short time ago there was no settlement. Aside from their duties in improving their places the Davidsens have done considerable hunting during the open season with more or less encouraging success.

C. Hinckley came down from Battle Lake this morning having completed his contract of getting out a half million feet of logs.

The Eastside school was re-convoked Monday after being closed a couple of weeks on account of fever in the neighborhood. The disease is now fully subsided there.

Henry Dick is still confined to his bed because of the disease of his left leg which was paralysed during his ill ness and it is feared that he may never fully recover the full use of the same.

We are informed upon reliable authority that J. E. Aylin was assigned as postmaster at Holbrook and that the office is likely to be abandoned unless parties in the latter vicinity who are interested in the matter take hold of it and have a successor appointed.

Charles Sims came down from the Blindman Wednesday. The Sims Bros. are meeting with encouraging success with their saw mill enterprise, being kept busy the full time and have put in a good season's work since starting their mill.

We are pleased to be able to report this week that the scarlet fever epidemics to be expected out of the village are now fully recovered and there are no other cases in town and none in the surrounding vicinity that we are aware of.

J. D. McGillivray and George Orr "scraped" house while the latter was in town Saturday. Both of course think they got the best end of the bargain, and we believe for their respective nases they did. For George got a first-class draft animal in the deal, while Mr. Knapp supports a splendid and handsomely driving animal.

We are quite pleased to receive all publications from our countrymen, but correspondents are not to forget that our columns can not be used for the roasting of petty personal spites.

A small Johnson steam traction engine. Laving a certain number of hours a day last week. He had been to the mid with a load of logs and was driving about a shorter way and while driving down the hill, the engine got into a hole and went down in the mud and water. SPLENDID NEW List of Books Offered to Readers of the Weekly Free Press

Book Offer No. 1, as made to our subscribers for some months past, has now been withdrawn owing to the exhaustion of the supply. There were cloth-bound English books, by current authors of note. As these were books that could not be purchased in the book stores for less than a dollar and a half, we are not surprised that they went quickly.

To replace them the Free Press has secured an even superior lot of books, a full list of which is given below. These cloth-bound books are of the highest quality. The price of each book given here will well satisfy you that it includes many of the most popular books of recent years. The Free Press regards this as by far the best book proposition it has ever been able to make to its subscribers. It is able to make this proposition because of the circumstances under which it is never duplicated. Our advice to our readers is to get busy and secure one of these volumes while they last. They will disappear from our shelves rapidly. First come, first served.
